

Розширення міжнародного партнерства кафедри обліку та аудиту - нові можливості для здобувачів освіти першого (бакалаврського) рівня

У результаті співпраці кафедри обліку та аудиту Державного податкового університету та Асоціації Американського інституту сертифікованих публічних бухгалтерів (США) та Дипломованого інституту управлінських бухгалтерів (Велика Британія) випускники університету за бакалаврськими та магістерськими програмами матимуть змогу швидше отримати професійну кваліфікацію CIMA - CGMA та звільнення від оплати навчання, починаючи з певного рівня. Це є потужним мотиваційним чинником для здобувачів освіти першого (бакалаврського) рівня за спеціальністю «Облік і оподаткування» та дасть можливість підвищити конкурентоспроможність випускників на національному й міжнародному ринках праці.

State Tax University, Irpin, Ukraine

Doctor Dmytro Serebrianskyi, Acting Rector

Prof. Dr. Volodymyr Kraevsky, Dean of the Faculty of Taxation, Accounting and Auditing

Dear Prof. Dr. Dmytro Serebrianskyi, Prof. Volodymyr Kraevsky,

The Association of International Certified Professional Accountants (united forces of American Institute of Certified Public Accountants, USA and Chartered Institute of Management Accountants, UK) highly values established partnership with State Tax University.

We are pleased to inform you that State Tax University, Irpin, Ukraine (STU) graduates from the Bachelor and Master's Program in Accounting, Finance or Business (see Appendix 1) will be allowed a quicker route to the CGMA Professional Qualification.

The benefits of having an accelerated route to the CGMA Professional Qualification for your graduates are vast, including being benchmarked as one of leading institutions in Ukraine offering a well-developed accounting degree. Moreover, the institution can use the accelerated route as an encouragement for more students to join the accounting major especially those who are keen to embark on a journey towards a management accounting or finance career.

At the same time, the partnership with AICPA & CIMA might enhance the development of the management accounting specialization in the faculty as a part of the CGMA University Program.

Decision has been incorporated into our [Exemption Calculator](#). Qualification may require reassessment against future updates to the CGMA syllabus if the program continues to be offered in later years.

Accredited bachelor's and master's programs have been added to our database, and STU graduates can now receive tuition exemptions from a certain level (see Appendix 1).

The proposed entry route does not require from students any form of submission to us, as exemptions are now awarded automatically after completing educational background upon registration.

Sincere gratitude for cooperation!

Nataliia Vovchuk
